Dear CFS Industry Member:

On behalf of the Mid-Atlantic Steel Framing Alliance, we would like to ask you for your membership and support of our organization in 2019. Without the generous contributions from you and other local companies interested in cold formed steel framing, our non-profit organization would not be sustainable.

We would also like to take this opportunity to once again thank our 2018 sponsors:

We understand that the economy is posing a tremendous challenge for each of us in our individual businesses. For this reason, our sponsorship rates for 2019 will again remain at the rates that we lowered back in 2010 in the hope that you will still find it beneficial to sponsor this year, while costing your company just a little less than in previous years.

Your membership dues and sponsorships fuel the engine that keeps our organization running. Thanks to your contributions, in the past year our organization achieved the following for our membership:

- Presented several dinner seminars on specific topics of interest to the Mid-Atlantic region, including Understanding a Developer's Perspective, Air Barriers, Screw Fasteners & Pneumatic Fasteners.
- Presented numerous lunch and learn seminars to architects, engineers, contractors, building officials, distribution yard staff and inspectors to educate them in the effective and efficient use of cold-formed steel framing.
- Hosted our third annual TopGolf Invitational networking event, along with a new Expo.

None of these could have been achieved without the support from local businesses and national companies with local interests in the Mid-Atlantic region. Please help us continue to provide a strong environment for educating the design and construction community on cold-formed steel framing.

Enclosed you will find information on membership and sponsorship levels and all the benefits your membership and sponsorship entitles you. If there is any other way that we can assist the industry, please do not hesitate to contact me. Thank you for your consideration.

Yours truly,

Jeffrey M. Klaiman, PE  
MASFA President – ADTEK Engineers

**2018 MASFA Board of Directors**

Paul Gallagher – CJ Coakley (Vice President)  
Nader Elhadj, PE – FrameCAD Solutions (Treasurer)  
Andrew DeRenzis – Bureau of Engraving and Printing (Secretary)  
Brittany Jochmann – Clark Dietrich

Rick Vergot - Capitol Building Supply  
Bart Zwaard – Hilti  
Mike Wolfe – Simpson Strong-Tie
